

MSc Clinical Dentistry (Paediatric Dentistry)

Description

1. Introduction

[intense_snippet snippet_id=18424 snippet_title=SMS Full Name of School]

[intense_snippet snippet_id=18427 snippet_title=SMS Date of Publication]

[intense_snippet snippet_id=4059 snippet_title=SMS Welcome to SMS]

Welcome to the Programme

Dear postgraduate student,

As Programme Director for the MSc in Clinical Dentistry: Paediatric Dentistry, I would like to warmly welcome you to Manchester and the Paediatric Dental department within the University Dental Hospital Manchester and the Division of Dentistry in the School of Medical Sciences.

Paediatric Dentistry is an age-defined rather than a technique-defined speciality and gives the opportunity to treat infants, children and adolescents between birth and the age of sixteen years. It is an amazing and very rewarding speciality and will require an in-depth study of the Paediatric Dental literature as well as the development of very specific clinical skills. You will provide comprehensive care for a group who are unique in their development, oral diseases and behaviour.

You will be introduced to our fantastic team of dentists and dental nurses, all of whom will help you in any way they can to settle in and become familiar with the day to day working of the department. We have a team of seven consultants between the University Dental Hospital Manchester and the Royal Manchester Children's Hospital as well as many speciality trainees, core trainees and speciality dentists. They have a wealth of knowledge to impart and you will be taught by many of the senior staff during your time in Manchester.

I hope that you will feel welcome and comfortable in this new environment and please don't hesitate to ask if you need any assistance we're all here to help. The study of Paediatric Dentistry is an exhilarating journey and I wish you every success in your studies.

Kind regards,

Professor and Consultant in Paediatric Dentistry/Programme Director
